About Us.

Introduction

Vaibhav Engineering, established in 2007, is a fabrication and manufacturing company specializing in static process equipment for industries such as Pharmaceutical, Dairy, Chemical, Petrochemical, and Oil & Gas.

We manufacture a wide range of equipment including Heat Exchangers, Distillation Columns (Sieve Tray, Structured Packing, Bubble Cap), Pressure Vessels, Condensers, Reboilers, Storage Tanks, and Reactors. In addition, we fabricate Bag Filters, Cyclone Separators, and undertake Ducting and Piping works for Air, Gas, and Oil systems.

Our fabrication capabilities include Stainless Steel (SS), Mild Steel (MS), and Special Metals, ensuring durability and reliability as per industrial requirements.

With a focus on quality fabrication, precise workmanship, and timely delivery, we ensure every project meets the required industry standards. Our team works closely with clients to understand their process requirements and deliver practical, cost-effective solutions. Over the years, we have built a reputation for reliable execution, strong technical capability, and long-term customer relationships.

Mission & Vision.

MISSION

- Our mission is to manufacture high-quality and reliable static process equipment that meets the operational requirements of industries such as pharmaceutical, chemical, dairy, petrochemical, and oil & gas. We aim to deliver durable, cost-effective, and precisely fabricated solutions while maintaining strong standards of quality, safety, and timely delivery. Through continuous improvement and dedication to workmanship, we strive to build long-term relationships with our clients.

VISION

- Our vision is to become a trusted and preferred fabrication partner for process industries, recognized for our technical expertise, reliability, and consistent quality. We aim to expand our capabilities, strengthen our infrastructure, and contribute to industrial growth by delivering innovative and dependable process equipment solutions. Through dedication, integrity, and customer-focused service, we strive to build lasting partnerships with industries across India and global markets.

Product Portfolio

→ Process Equipment

- Shell & Tube Heat Exchanger
- Pressure Vessels
- Distillation Columns
- Condensers
- Reactors
- Storage Vessels
- Reboilers
- Cyclone Seperators
- Bag Filters
- Scrubbers
- Ducting & Piping works for Air, Gas & Oil.

Services

→ Fabrication Service

- Stainless Steel Fabrication
- Hastelloy Fabrication
- Titanium Fabrication
- Inconel Alloy Fabrication
- Process Equipment Fabrication Service

Non-Destructive Testing

- Radiographic Test
- Hydro/Pneumatic Test
- Ultrasonic Test
- Liquid Penetrant Examination

Our Strengths & Capabilities

- 18+ years of fabrication experience
- State-of-the-art infrastructural facility
- Stringent quality control management
- Industry leading Prices
- Prompt Delivery

Commercial Details

- Type of firm : Proprietorship
- Name of proprietor : Baliram V. Idgale
- Address of Work : Sr.No. 59/2, Plot No-7A & 7B, Chovisawadi, Pune.
- GSTIN : 27AAXPI8081Q1ZI
- S.S.I. Registration No : 270251105084 PART-II/ 13.03.2009
- Udyam Registration No : UDYAM-MH-26-0608440

Infrastructure

- Total Area : 8000 Sq. Ft.
- Covered Area : 8000 Sq. Ft.
- Office Area : 600 Sq. Ft.
- Flooring : Trimix Flooring
- Flooring Area : 8000 Sq. Ft.
- Crane Facility : 5 Ton
- No. of Employees : 15 Nos.
